

BUSINESS

SET-UP SERVICES

ESTABLISHING BUSINESS with **GFB**

Without compromising on quality, **Gulf Future Business** aims to simplify the process of setting up a company by aiding clients in the registration process, availing special permissions and following other legal procedures.

● How we work:

-  Advising the client with a suitable legal structure.
-  Legal requirements with regards to the activity(s) of the company.
-  Completing the procedures and obtaining necessary licenses for relevant regulatory authorities.
-  Meeting with officials and necessary parties.
-  Drafting necessary documentation including the Memorandum and Articles of Association.
-  Obtaining the Commercial Registration Certificate from concerned Government channels.

SUPPORT FROM GOVERNMENT CHANNELS

Gulf Future Business bridges a relationship between clients and the government sector to avail various support schemes through multiple channels.

GFB undertakes the service of applying all the support schemes on behalf of the client, and follow all necessary legalities and formalities to avail necessary support through these government channel areas covered by the schemes provided, includes:
